

Looking for a durable portable washroom solution that stands up to extreme, all-season conditions? This high value, insulated, all-season, heated washroom that's "heads" above the rest.

Genfour-JonTM

A Better Portable Washroom

"Genfour-Jon" is a four season sanitation solution. This heated, portable bathroom is a modern day essential for all industrial & commercial work sites and is virtually maintenance free. While providing increased sanitation, you will also be exceeding the requirements implemented by new government regulations demanding more hygienic services.

These sturdy units are assembled using 1 1/2" Insulated Metal Clad Panel (R12), with a 1250w heater, interior light, GFCI protected 110 power 12 amp, poly tank and base. These units are independently CSA inspected.

CUSTOMIZE YOUR GENFOUR-JON TO SUIT YOUR SPECIALIZED REQUIREMENTS
